WHY I ENJOYED MAKING THESE CARDS, FLYERS, AND LOGOS

An illustration of a workspace. A computer monitor sits on a desk, displaying a design interface with various color swatches and layout elements. To the left of the monitor is a desk lamp. On the desk in front of the monitor are a smartphone, a pen, and a small stack of papers or a notebook. The background is dark, making the desk and its items stand out.

I ENJOYED MAKING THIS VERY MUCH
BECAUSE CANVA ALLOWS ME TO BE
CREATIVE WITH THE GRAPHIC DESIGNS
AND TEXTS.
